

Dutch Zeolite Association (DZA) meeting 2018

You are cordially invited to join the **DZA day 2018**, which will be held at the Science Park, **Amsterdam** on **October 11, 2018**.

This one-day symposium will offer an overview of recent advances on the synthesis, characterisation and applications of zeolites and related materials, such as ordered mesoporous materials and metal-organic frameworks.

Our invited plenary speaker for this DZA day will be **Prof. Avelino Corma**, from ITQ, Valencia (Spain).

This symposium is particularly aimed at giving an opportunity to young researchers from the Netherlands and Flanders-Belgium (particularly PhD students, but also Master students and post-doctoral scientists) to present and discuss their research.

Venue: Amsterdam Science Park, 1098XH Amsterdam, The Netherlands.

Registration and costs: Registration is free for Master and PhD students that are members of the DZA. For other Master **and** PhD students the registration fee is 50 euros. For other participants, the fee is 100 euros for DZA-members and 150 euros for non-members.

Please register at:

https://docs.google.com/forms/d/e/1FAIpQLSfSI_9fUSqjIZWbGZCtjx3I2L3DA3SPujHR12Mrp4m7MiyogQ/viewform

If you also want to become a member of the DZA (and at the same time of the DCS), please register at: <https://katalyse.kncv.nl/becoming-a-member>

Abstract submission and program

Master students/PhD students/postdocs who wish to give a presentation are invited to send a single-page abstract to DZAday2018@gmail.com before September 15, 2018.

The detailed programme of the full-day symposium will be sent to registered participants after September 15, 2018. Please note that total number of registrations will be limited to 150.

On behalf of the DZA board,

Dr. Shiju Raveendran, University of Amsterdam
